Why don't you make first contact then please.... if he wants specific details about Pavillion (or anything else) that you can't cover, let me know and I'll set up a conference call with R8 and ORD for the State senator's office as a follow up...or something along those lines.

Thanks Jennie.

Thanks, Tony -

We can handle Dimock, but not Pavilion. We'll need more info from the State Senator's office on the details of what they're looking for.

Would you like to make contact or shall I? I feel bad giving 2 contacts (1 for each issue), but I'm definitely not the person for Pavilion.

For Dimock, all of our info (action memo, tox review, etc) is on our website:

[http://www.epaossc.org/site/site\\_profile.aspx?site\\_id=7555](http://www.epaossc.org/site/site_profile.aspx?site_id=7555)

Let me know your thoughts...

Jennie

Does R3 want to field this inquiry?... I know R3 is obviously up on Dimmock, and attached is some info we sent to Governor Mead re Pavillion last week.

If not, let me know and I'll give this gentleman Eric Pauley a shout.

Thank you.

Subject: Sen. Greenleaf (PA State Sen) request on hydraulic fracturing

Tony - Eric Pauley of Sen. Greenleaf's staff called requesting information and documentation of groundwater and drinking water contamination from hydraulic fracturing. They are aware of reports from Pavillion, WY and Dimmock, PA, along with the ongoing ORD study, and want to find out whether EPA has made any findings about hydraulic fracturing and water quality. The contact is epauley@pasen.gov, 717-787-6599. Let me know if you're handling. Thanks,  
Sven
